

FACTS ABOUT TAMPA GENERAL HOSPITAL

SHARED PURPOSE: We Heal. We Teach. We Innovate. Care for everyone. Every day.
VISION: TGH will be the safest and most innovative academic health system in America.

TAMPA GENERAL HOSPITAL

Tampa General Hospital is a private not-for-profit hospital and one of the most comprehensive medical facilities in Florida serving a dozen counties with a population in excess of four million.

The Wallace Trauma Center at TGH is the area's only Level I Trauma Center and TGH is one of just two adult & pediatric verified burn centers in Florida. With five medical helicopters* we are able to transport critically injured or ill patients from 23 surrounding counties to receive the advanced care they need. The hospital is home to one of the leading organ transplant centers in the country, having performed over 10,000 solid organ transplants. TGH is a nationally certified comprehensive stroke center. Other outstanding centers include internal medicine, cardiovascular, orthopedics, high-risk and normal obstetrics, urology, ENT, endocrinology, neurosurgery, gastroenterology, the Thyroid & Parathyroid Institute and the Children's Medical Center including the Jennifer Leigh Muma Neonatal Intensive Care Unit. TGH is the primary teaching hospital for the USF Health Morsani College of Medicine.

**Air transport services provided by Metro Aviation, Inc.*

MAIN HOSPITAL CAMPUS

The main hospital campus is located on Davis Islands in Tampa and is licensed for 1,006 beds. The 59-bed Tampa General Rehabilitation Center is located on the main campus.

EDUCATION

Tampa General is affiliated with the USF Health Morsani College of Medicine and serves as the primary teaching hospital for the university. Over 300 residents/fellows are assigned to Tampa General Hospital for specialty training in areas ranging from general internal medicine to neurosurgery. In addition, USF medical students, nurses and physical therapy students receive part of their training at Tampa General. Faculty from the USF Health Morsani College of Medicine admit and care for patients at Tampa General Hospital as do private practice physicians, many of whom also serve as adjunct clinical faculty. Tampa General also serves as a teaching hospital to students in many disciplines from several area schools.

SECURE ONLINE HEALTH SERVICES

Tampa General offers secure online health services including:

- **MyChart®** electronic medical record connects patients to their health information.
- **TGH EpicLink** allows physicians to access real-time information about their patients receiving services at TGH.

COMMUNITY ENGAGEMENT

Tampa General Hospital supports the community it serves by providing programs to improve the health of its residents such as free health education programs and screenings throughout the year. For program descriptions and dates visit www.tgh.org/healthed.

TAMPA GENERAL MEDICAL GROUP

Tampa General Medical Group (TGMG) is a multispecialty physician group with practice locations in Hillsborough and Pasco counties. TGMG physicians specialize in family practice, internal medicine, pediatrics, transplant cardiology, endocrinology, hepatology, nephrology, and surgery. For more information, visit www.tgmg.org.

FOUNDATION

The Tampa General Hospital Foundation was formed in 1974 by a group of compassionate citizens committed to providing meaningful philanthropic support to Tampa General Hospital. The foundation is a private, not-for-profit corporation, and is a qualified charitable organization under section 501(C)3 of the Internal Revenue Code. The foundation's sole focus is to support the programs and services of Tampa General Hospital and does not make grants or donations to outside organizations. All gifts made to the Tampa General Hospital Foundation stay at Tampa General Hospital. To contact the TGH Foundation, please call (813) 844-3528.
